Santa Rosa, Laguna

OBJECTIVE

To obtain a position where I can apply my skills in software development. Seeking to contribute to innovative projects while gaining practical industry experience and further developing my technical expertise in a collaborative team environment.

EXPERIENCE

Software Developer Intern | January 2025 - May 2025

Neuralcore

- Developed secure user authentication systems with session management and email verification
- Designed and implemented user interfaces for internal systems with automated reporting features
- Translated design prototypes into responsive web layouts using best practices for accessibility and performance
- Built dynamic, searchable data tables to enhance data interaction and usability
- Handled full-stack database operations, including data validation and backend logic integration
- Streamlined data processing through bulk import/export functionality
- Assisted with code deployment and version control in collaborative development environments
- Performed debugging, cross-browser testing, and maintained clear technical documentation

Mobile Application Developer (Work Immersion) | 2021

Creotec Philippines Incorporated - Biñan, Laguna

- Developed simple mobile applications to support internal operations and employee engagement
- Created tools for basic calculations, including general-purpose and health-related functions
- Built a payroll calculator to automate salary computations, enhancing accuracy and efficiency
- Designed a monitoring system to track attendance, health status, and compliance for employees
- Contributed to improving operational workflows and employee management processes

EDUCATION

Bachelor of Science in Information Technology | 2021 - 2025 | Graduating July 2025

STI College Santa Rosa

- Dean's Honors List (GWA of 1.39 | 2023-2024)
- Award of Course Completion in Java Foundation Oracle Academy.
- Award of Course Completion in System Administration Linux Professional Institute.

Science Technology Engineering and Mathematics (STEM) | 2019 - 2021

Jesus The Exalted Name School (JTEN)

- With Honors (2020-2021)

SKILLS

Soft Skills

- Strong attention to detail with a creative approach to layout and UI design
- Effective team collaboration and professional communication skills
- Quick to learn new technologies with high adaptability and problem-solving ability
- Organized and time-conscious with a focus on meeting deadlines

Technical Skills

- Programming Languages: HTML, CSS, JavaScript, PHP, SQL
- Frameworks & Libraries: Bootstrap, Tailwind, DataTables, SweetAlert
- Tools & Platforms: GitHub, Git, cPanel
- Database Management: MySQL
- Other: Version control, basic deployment, responsive design

CERTIFICATIONS

Simplilearn

- Introduction to HTML
 - Introduction to CSS
 - Introduction to PHP
 - Web Development for Beginners
-
