## OBJECTIVE

To obtain a position where I can apply my skills in IT industry. Eager to contribute to innovative projects, gain practical industry experience, and further enhance my technical expertise within a collaborative team environment.

## EXPERIENCE

Neuralcore

January - May 2025

**Software Developer Intern**

- Developed secure user authentication systems with session management and email verification.
- Designed and implemented user interfaces with automated reporting and bulk data import/export features to streamline internal processes.
- Translated design prototypes into responsive web layouts.
- Implemented searchable and interactive data tables using third-party libraries.
- Handled full-stack database operations, including data validation and backend logic integration.
- Assisted with code deployment and version control in collaborative development environments.
- Performed debugging, cross-browser testing, and technical documentation.

## SKILLS

### Soft Skills

- Strong attention to detail with a creative approach to layout and UI design
- Effective team collaboration and professional communication skills
- Quick to learn new technologies with high adaptability and problem-solving ability
- Organized and time-conscious with a focus on meeting deadlines

### Technical Skills

- Knowledgeable in Microsoft Office (Word, Excel, and PowerPoint)
- Programming Languages: HTML, CSS, JavaScript, PHP, SQL
- Frameworks & Libraries: Bootstrap, Tailwind, DataTables, SweetAlert
- Tools & Platforms: GitHub, Git, cPanel
- Database Management: MySQL
- Other: Version control, basic deployment, responsive design

## WORK IMMERSION

2021

### Mobile Application Developer

Creotec Philippines Incorporated - Biñan, Laguna

- Developed simple mobile applications to support internal operations and employee engagement
- Created tools for basic calculations, including general-purpose and health-related functions
- Built a payroll calculator to automate salary computations, enhancing accuracy and efficiency
- Designed a monitoring system to track attendance, health status, and compliance for employees
- Contributed to improving operational workflows and employee management processes

## EDUCATION

STI College Santa Rosa | Sep 2021 - Jul 2025

Bachelor of Science in Information Technology

- Cum Laude (Cumulative GWA 1.38)
- Dean's Honors List (GWA of 1.39 | 2023-2024)
- Award of Course Completion in Java Foundation Oracle Academy
- Award of Course Completion in System Administration

## CERTIFICATIONS

Simplilearn

- Introduction to HTML
- Introduction to CSS
- Introduction to PHP
- Web Development for Beginners
